

Why Cloud With Us?

Henson Group is Microsoft's #1 Azure Cloud Solutions, OpenAI, and Managed Services Provider

OpenAI | Licensing | Managed Services | Consulting

The Henson Group is the industry's OpenAI expert and Microsoft's top Azure, Modern Workplace and Managed Services Provider. Our customer-centric approach goes beyond traditional managed services, providing end-to-end solutions for your entire cloud journey.

Transform your business with OpenAI

OpenAI Accelerator Program in 30 Days

We possess unmatched experience in OpenAI technologies, making us your trusted partner for leveraging the full potential of AI.

In our 30-day comprehensive solution, we partner with you to assess ideas and potential use cases for how generative AI can quickly add value to your business. Our experts will lead you in a collaborative and efficient journey from design workshop, to proof of concept.

Make Intelligent Cloud Decisions with our Managed Services

INTELLIGENT

MANAGED SERVICES

Data-driven monitoring and reporting so you know what is happening with spend, resources, and security in your Microsoft Cloud Services.

*Azure Managed Services | OpenAI
Modern Workplace | Help Desk | Advanced Solutions*

COST SAVINGS & VALUE

Our cloud architects provide quarterly reports with automated assessments, cost analysis, and improvement recommendations, helping you save costs and enhance security.

MICROSOFT AI SOLUTIONS

Henson Group has developed packaged solutions to get your business leveraging the power of Microsoft AI solutions quickly, securely, and efficiently. If you're interested in OpenAI on Azure or Microsoft Copilot, Henson group has a solution to help your business.

CUSTOMER EXPERIENCE

Our unwavering commitment to exceptional customer service has resulted in industry-leading Net Promoter Scores (NPS). We prioritize your needs and tailored solutions that precisely align with your requirements, ensuring your utmost satisfaction.
